

COASTER BOARD

Introducing our Coaster Board, designed for exceptional moisture absorption! Despite its lightweight design, it packs a punch with its remarkable **volume**, providing both **strength** and visual allure. Plus, it's incredibly **durable**, fully **recyclable**, and **biodegradable**, making it a win-win for both your customer and the environment. With a couple weights available and a cream-white exterior, it's the perfect choice for elevating your coasters, whether it's letterpress, hot foil imprinting, or screen and digital printing. Experience the difference today and unlock the potential of premium quality with our versatile Coaster Board.
